

RAILROAD HEADS URGE
PASSAGE OF MEASUREDECLARE THERE IS NO PROFIT IN
HAULING PASSENGERS AT 2 CENTS

Hearing is Continued Over Today—
Senate Passes Foot and Mouth
Appropriation—Teachers' Pension
Bill Also Passes Upper House.

Springfield, Ill., April 21.—Declaring that there is no profit in hauling passengers at a charge of two cents a mile, the chief executives of ten railroads operating in Illinois today urged the legislature to pass the O'Rourke bill, which provides for an increase to two and one-half cents a mile in the passenger fare rate in this state. The railroad presidents many lesser railroad officials appeared before the house public utilities commission which has the O'Rourke bill under consideration. C. H. Markham, president of the Illinois Central; A. J. Erling, president of the Chicago, Milwaukee & St. Paul and Hale Holden, president of the Chicago, Burlington & Quincy railroad addressed the committee presenting the plea of the railroads.

To Resume Hearing Today
The hearing was continued over tomorrow to permit the railroads to advance more arguments. Opponents of the two and one-half cent fare bill will be heard by the house public utilities committee next Wednesday.

President Markham of the Illinois Central, in presenting the situation as seen by the railroads, read tabulated figures showing that Illinois railroads are not earning a fair return even on their property valuation as fixed for taxation purposes. He said that the railroads were asking for the increase in passenger fare rates at the suggestion of the interstate commerce commission, which held that a two cent rate was too low.

Pass F. & M. Relief Bill.

By a vote of forty to nothing the senate today passed the bill appropriating \$973,563.48 as the state's share in reimbursing those who suffered loss through slaughter of their livestock in the effort to eradicate the foot and mouth epidemic. As passed by the senate the bill was amended to provide for the reimbursing of two or three persons not mentioned in the bill as it was passed by the house. This means that the measure will have to be agreed upon by a conference committee consisting of members of both houses before it can be signed by the governor.

A bill providing that in the future the state shall pay no more than \$300 per head for registered stock and not more than \$150 per head for common stock killed in the eradication of contagious diseases was advanced to third reading in the house.

Pass Teachers' Pension Bill.
By a vote of 32 to 4 the senate also passed the Landee bill providing for pensions for public school teachers.

The bill provides pension for teachers having taught twenty-five years or more. It creates a pension board consisting of the superintendent of public instruction, the state treasurer and three members to be elected by those contributing to the fund. One-tenth of one per cent of the assessed property valuation goes to the fund the teachers to pay a certain share each year.

The Barr bill providing for pensioning of the state employees also was reported out without recommendation. By a vote of 41 to 9 the senate passed the Gregory bill, changing the time of holding circuit court in Moultrie county. The senate also passed the Holiday bill, legalizing an election in Vermilion county in which women voted. On motion of Representative Lee O'Neill Browne the house killed Representative Graham's bill enabling cities with a population of less than 500,000 to adopt the managerial form of municipal government, councils to elect city managers.

Members of senate committee labor and the house committee on industrial affairs met in a joint session today and listened to the arguments for and against the passage of the measure creating a minimum wage commission. The committee adjourned until next Tuesday night when the hearing will be continued.

Recommend Boxing Bill.
After amending it so that the state athletic commission having charge of boxing bouts also would have supervision over all other sports the senate, sitting as a committee of the whole, today reported out and recommended the passage of the Carroll bill to legalize boxing.

Friends of the bill which would legalize ten rounds, no-decision bouts claim that the amendment is a "joker" intended to invalidate the measure and that if it is not stricken out it will result in the defeat of the bill. When the bill is considered on second reading in the senate an effort will be made to eliminate the amendment which was adopted by a vote of 21 to 20.

Dr. W. B. Millard, representing the Chicago Church Federation and Rev. J. H. Danney, president of the Methodist Ministers' association of Chicago addressed the senate in opposition to the bill.

"Those really wanting the bill passed are the boxing promoters who hope to make money out of it," said Dr. Millard. "The home loving, God fearing men and women of the state are against the bill."

LACK OF RAIN EAST OF MISSISSIPPI
RIVER CHECKS PLANT GROWTH

Generally Warm and Fair Weather
Has Permitted Uninterrupted Pre-
parations for Planting Corn, Cot-
ton and Oats.

Washington, April 21.—Continued lack of rain east of the Mississippi river during the last week has seriously checked plant growth but the generally warm and fair weather has permitted uninterrupted preparations for planting corn, cotton and oats. The department of agriculture reported today that winter wheat east of the Mississippi continued in good condition in most of the Ohio Valley, although growth has been much retarded by lack of rain while in the Atlantic coast states the crop is in poor condition this spring has made little progress and is now greatly in need of rain.

Winter wheat west of the Mississippi river made excellent growth. Spring wheat in southern districts is growing under favorable conditions but severe drought prevails in North Dakota and seeding, though well advanced is being retarded by unfavorable condition of the soil.

Cotton planting progressed satisfactorily. In Texas, Oklahoma and parts of Louisiana and Arkansas the soil is well supplied with moisture but eastward rain is needed.

"A drought in part of the Philippine Hemp district already has produced an estimated crop reduction of 35 per cent below normal. Cable advices today from Governor General Harrison and the insular weather bureau hold out no hope of early rain. The hemp districts of Mindanao and Central Luzon have suffered greatest damage.

"If the drought continues four or five weeks, the damage may assume alarming proportions," said the message. "The damage to rice and tobacco crops is serious but sugar and coconuts have not been appreciably affected."

TERMS POPULAR ELECTION OF
JUDGES A FAILURE IN CHICAGO

Herbert Harley Thinks People Are
Not Proper Tribunal to Select and
Pass upon Selection of Judges.

Chicago, April 21.—The popular election of the judiciary is a failure in this city, according to Herbert Harley, secretary of the American Jurisdiction association, who attended the installation of Hosea W. Wells as a judge in the municipal court today.

He cited Judge Wells' election as proof. At an election last fall Judge Wells was defeated by 10,000 votes. At the spring election he was elected by 130,000 majority. In neither election was Judge Wells' merit under consideration.

"He was first defeated," said Mr. Harley, "and later swept into office on issues or candidates on which voters had more direct information. I interpret this to mean that the people are not the proper tribunal to select and pass upon the services of the judges. We ought not to go on submitting trained judges to a popular tribunal of 700,000 voters. It is farcical."

PRESENT STATISTICS OF FREIGHT
REVENUE AND OPERATING EXPENSE

CHICAGO, April 21.—Statistics of operating expense and freight revenue on four leading western railroads were presented today before W. M. Daniels, interstate commerce commissioner, to support the objections of the national council farmers co-operative association to proposed advances of one cent a hundred pounds in the grain and grain product freight rates which are among the freight increases asked by forty-one western railroad systems on certain commodities.

The tabulated figures were compiled by Jean Paul Muller, an expert rate case statistician formerly connected with the statistical department of the interstate commerce commission.

VERA CRUZ HONORS MEMORY
OF MEN WHO DEFENDED CITY

Vera Cruz, April 21.—Vera Cruz today officially honored the memory of her citizens who defended the city one year ago against occupation by the American forces. The troops of the entire garrison paraded in the city and also civic ceremonies in which General Carranza participated. He also laid the cornerstone to a monument to the Mexicans who lost their lives in the endeavor to repel the landing of the Americans. Orators eulogized the defenders of Vera Cruz and the populace held enthusiastic demonstrations but there were no anti-Americanism displayed.

Shore leave to the men of the United States battleship Georgia was denied today by Captain Robert E. Coontz.

FIND BODIES OF TWO
FRENCH MILITARY AVIATORS

Berlin, via London, April 21.—(12 midnight).—The bodies of two French military aviators, one dressed in the uniform of a lieutenant and the other in that of a sergeant, have been found in the wreckage of an aeroplane in the forest east of Muehlhausen. The bodies bore a number of wounds made by shrapnel bullets. It is believed the aviators were members of the aerial squadron which recently attacked the Manoeuvre grounds at Nue-
berg.

ENGLAND HAS 750,000
SOLDIERS IN FRANCEBRITISH CHANCELLOR PRESENTS FIG-
URES TO HOUSE OF COMMONS

Reiterates Need for a Greater Supply
of Munitions and Promises
Legislation to Deal with Liquor—
Berlin Reports Repulse of French
Attacks.

London, April 21.—(10:30 p. m.)—The British expeditionary force in France which at the beginning of the war consisted of six divisions has been increased to more than thirty six divisions, or roughly speaking, 750,000 men, according to a statement made by David Lloyd-George, chancellor of the exchequer, in the house of commons this afternoon.

Places of Fallen Men Filled.
The chancellor added that the place of every man who had fallen in battle had been filled and that the army was adequately equipped. But he reiterated the need for a greater supply of munitions, declaring that during the battle of Neuve Chapelle more ammunition was used than in the whole of the South African war which lasted nearly three years.

The interesting information also was given that the output of the munition factories had been increased more than nineteenfold since the outbreak of the war but the call was still for more, and as Mr. Lloyd-George continues to hold the opinion that consumption of liquor is interfering with the work, he promised legislation to deal with this matter.

Repulse Attacks of Germans.

It is likely that many of the new men have already been under fire, as the Germans are making repeated attempts to recapture Hill Sixty, near Ypres, which the British took on Sunday and have, according to Field Marshal French's report been repulsed with great loss. There has been activity at many other points along the western front and Berlin, which is more communicative than Paris, says that the Germans have made progress in the forest of Le Pretre near St. Mihiel and reports the repulse of French attacks in other sections from Champagne to Alsace.

The Russian advance in the Carpathians apparently has come to a full stop for reports from that region speak only of attempted attacks which were repulsed, both in the mountains and in the direction of Stry. The Austro-Germans have made an outflanking effort to support this latter movement. It is stated from neutral sources that the Austrians have virtually evacuated Bukovina.

The Losses of British Reverse.

Berlin supplies details heretofore lacking of a British reverse in British East Africa in January, when a British force was defeated near Jasin and lost heavily in men and ammunition. The other colonial wars are reported to be going well for the allies, progress being steadily maintained in Kamerun and German Southwest Africa. The British have also had to deal with a raid against Indian territory on the northern border of the Peshawar Valley, undertaken by 4,000 men in command of a fanatical mullah. After a few hours fighting in which the British suffered seventy casualties the raiders were dispersed. In Mesopotamia the British are pursuing the defeated Turks and have occupied Nakhlah, from which place the Turks fled last week. The Turks are also being attacked from the Black Sea the Russian fleet having destroyed the Turkish supply vessels.

From every side comes news of the activity of the air fleets which have been busy bombarding towns and military stations.

The British claim to have damaged the German shipyard at Ghent.

FIVE SECTION MEN ARE KILLED
WHEN CONSTRUCTION DAM BREAKS

EUREKA, Cal., April 21.—Sixteen members of a Northwestern Pacific railroad section crew working at the mouth of a creek emptying into Eel river near Fort Seward, were caught in an eight foot culvert today by the rush of water when a construction dam broke. Five are dead and missing, six are injured and five escaped unhurt.

The five who escaped saw their companions hurled half way across the river by the rush of water. Six were subsequently dragged ashore but four others are believed to be buried under debris at the creek mouth a few yards below the culvert. The injured men were brought to Eureka. None of them are seriously hurt.

OBREGON STATES HIS TROOPS
HAVE OCCUPIED IRAPUATO

EL PASO, Texas, April 21.—An official statement received today from General Obregon by way of Vera Cruz said his troops had occupied Irapuato, Villa's abandoned base in the central Mexican campaign. It was doubted by observers here whether Obregon would move his entire force to Irapuato which is said to be almost impossible to defend. This fact caused Villa's retreat to Aguas Calientes. The next battle probably will occur at Francisco, a station between Aguas Calientes and Irapuato. This town at present held by the Villa forces lies in a nook of hills forming a strong natural fortification.

War News Summarized

From the Carpathian peaks and passes the violent encounters of the war have for the present at least, been transferred to Belgium and France. The most sanguinary engagements reported by any of the war chancelleries is in progress in Belgium southeast of Ypres, where the Germans are endeavoring to wrest from the British a strategic point known as Hill Number Sixty, which the Britons took from the Germans several days ago with extraordinary heavy casualties to both sides. London declares that "violent and continual counter attacks" are being made against the position, two of which were repulsed with great loss to the Germans. Since April 17th, Paris says the Germans have lost in defending and attempting to recapture this hill from 3,000 to 4,000 men.

The battle in the Carpathians has virtually come to a standstill except at isolated spots along the great range. Whether this is due to the strong reinforcements of the Austro-German forces by additional divisions of Germans who were said to have been sent around through Hungary to the southern slopes of the mountains, or to the fact that the spring thaw has made morasses of the roads and the freshets have inundated large regions of the country has not been made known officially, but unofficial advices declare that the latter conditions are responsible for the letup.

In Champagne and the Argonne in the west between the Meuse and Moselle and in Lorraine and Alsace, German offensive movements have been stopped by the allied troops, according to Paris.

MRS. STORY IS RE-ELECTED
PRESIDENT-GENERAL OF D.A.R.

Defeats Mrs. Guernsey of Kansas by
a Vote of 695 to 461—Announce-
ment Follows Day of Excited Bal-
loting.

Washington, April 21.—Mrs. William Cummings Story of New York was tonight re-elected president-general of the Daughters of the American Revolution over Mrs. George Thatcher Guernsey of Kansas by a vote of 695 to 461.

The election result was announced well after midnight, following a day of excited balloting and it showed a clean sweep for the Story ticket.

Mrs. Mary S. Lockwood of Washington, D. C., was re-elected chaplain-general, without opposition. All other places were filled with Story candidates by large majorities. Those elected were: recording secretary general, Mrs. William C. Boyle, Ohio; re-elected; corresponding secretary general, Mrs. Julia C. Burrows, of Michigan; re-elected; organizing secretary general, Mrs. William A. Smoot, Virginia.

Register general, Mrs. George M. Pearce, Washington, D. C.; treasurer general, Mrs. Joseph E. Ransdell, Louisiana; re-elected; historian general, William S. Augsburg, New York; librarian general, Mrs. George M. Sternberg, Washington, D. C.; re-elected; editor of D. A. R. magazine, Miss Natalie S. Lincoln, Connecticut.

STOCKHOLDERS PLAN TO END
RECEIVERSHIP OF ROCK ISLANDMinority Committee Arranges to
Send Out Letter Asking Co-opera-
tion.

New York, April 21.—A committee representing minority stockholders of the Chicago, Rock Island & Pacific railway company, recently placed in the hands of receivers, at a meeting held here tonight arranged to send out a letter asking the co-operation of the stockholders in a plan to terminate the receivership. N. L. Amster of Boston is chairman of the committee. The letter states that the purpose of the committee "will be to rehabilitate the property, take it out of the hands of the old management and place it in hands that will operate it to the welfare of the property and its owners and not as a football for stock market operations."

Will Proceed With Plans.
Chicago, April 21.—H. U. Mudge, president of the Rock Island lines, who with Jacob M. Dickinson, former secretary of war, was appointed on Tuesday as receiver for the Chicago, Rock Island and Pacific railway company tonight said that he and Mr. Dickinson, as representatives of the federal district court would proceed to lay plans for the extricating the railroad from its financial embarrassment, despite any action a minority stockholders' committee might take.

HOLDS GLOOMY SESSION.

London, April 22.—(2:10 a. m.)—A Paris despatch to the Central News says that to opening session of the Hungarian chamber was a gloomy sitting. The chamber was to vote the new military credits demanded by the general staff. The attempts of Count Tisza, the premier, to break down the opposition was futile.

KANSAS WINS FROM IOWA.

UNITED STATES ANSWERS
GERMAN MEMORANDUMATTITUDE ON QUESTION OF EXPOR-
TATION OF ARMS IS RE-STATE

Reply Suggests that Evidently the
German Ambassador is Laboring
Under False Impressions—Note is
Finally Penned by President Wil-
son.

Washington, April 21.—The United States government replied today to the recent memorandum in which Count Bernstorff, the German ambassador, declared that if the American people desire to observe true neutrality they will find means to stop the exclusive exportation of arms to one side, or at least to use this export trade as a means to uphold the legitimate trade with Germany, especially the trade in foodstuffs.

President Pens Note.
The American note, which is signed by Secretary Bryan, was drafted at the state department but was finally penned by President Wilson himself. After pointing out that the language used by Count Von Bernstorff "is susceptible of being construed as impugning the good faith of the United States in the performance of its duties as a neutral" the note "takes it for granted that no such implication was intended," and suggests that evidently the German ambassador "is laboring under certain false impressions."

It is then declared that the declarations of the United States with any one of the belligerents "cannot wisely be made a subject of discussion with a third government," such correspondence between the United States and the allies as has been published shows that the "steadfast refusal" of the government "to acknowledge the right of any belligerent to alter the accepted rules of war of sea, insofar as they affect the rights and interests of neutrals."

The attitude of the United States on the question of exportations of arms is re-stated, namely that to place any embargo on arms during the progress of a war would be a direct violation of the neutrality of the United States.

Refers to Spirit of Friendship.
The note refers to the spirit of the friendship which the United States desires always to manifest toward Germany and people and concludes with the declaration that the neutrality of the United States is "founded upon the firm basis of conscience and good will."

The communication was delivered by messenger to Count Von Bernstorff late today and by mutual arrangement with the German embassy, the state department made it public tonight.

Regarding the exportations of arms and munitions of war the note says: "I note with sincere regret that in discussing the sale and exportation of arms by citizens of the United States to the enemies of Germany Your Excellency seems to be under the impression that it was within the choice of the government of the United States, notwithstanding its professed neutrality and its diligent efforts to maintain it in other particulars, to inhibit this trade and that its failure to do so manifested an unfair attitude towards Germany? This government holds, as I believe your excellency is aware, and as it is constrained to hold in view of the present indisputable doctrines of accepted international law that any change in its own laws of neutrality during the progress of the war which would affect unequally the relations of the United States with the nations at war would be an unjustifiable departure from the principle of strict neutrality by which it has consistently sought to direct its actions and I respectfully submit that none of the circumstances urged in your excellency's memorandum alters the principle involved. The placing of an embargo on the trade in arms at the present time would constitute such a change and be a direct violation of the neutrality of the United States. It will, I feel assured, be clear to your excellency that, holding this view and considering itself in honor bound by it, it is out of the question for this government to consider such a course. I hope that your excellency will realize the spirit in which I am drafting this reply. The friendship between the people of the United States and the people of Germany is so warm and of such long standing, the ties which bind them to one another are so many and so strong that this government feels under a special compulsion to speak with perfect frankness when any occasion arises which seems likely to create any misunderstanding, however slight or temporary, between those who represent the governments of the two countries."

Transmitted to Berlin.
At the German embassy no comment was made on the note further than a statement that it had been transmitted to the foreign office at Berlin and as it was a reply from the American government to a communication from the German government the embassy was without authority to say anything until instructed to do so.

Miss Nellie Ryan of South Main street is detained at home by illness.

REPORTS DEATH OF AMERICAN
AVIATOR WITH FRENCH ARMY

William Thaw, Nephew of Harry K.
Thaw, is Said to Have Been Killed
at Near Verdun.

Paris, April 21.—(Midnight).—A report has been received here that William Thaw, an American aviator serving with the French army, has been killed near Verdun. The report has not been confirmed however. A postcard dated the 17th, sent by him to a friend showed that he was in good health on that date.

Inclined to Discredit Report.
Pittsburgh, April 22.—It was said at the residence of Benjamin Thaw, father of William Thaw, early today that no report regarding the death of Mr. Thaw had been received and member of the family were inclined to discredit it. The elder Mr. Thaw returned from New York last night. It was said he has not heard anything from his son recently.

William Thaw, 2nd, is the son of Benjamin Thaw of Pittsburgh and New York. He joined the Second Regiment of foreign volunteers fighting for France soon after the war began at about the time he became of age. He offered to serve either as an engineer or an aviator in both of which activities he had had considerable experience. Thaw is a nephew of Harry K. Thaw and did considerable work as an aviator in this country before the war. On one occasion he began a flight at New Haven, circled the Statue of Liberty and flew under the four bridges across the East River. He was appointed to the French aviation corps in December and was the first American to be accepted as a pilot in the French service. Since that time he has seen considerable service in the air.

TO PROBE OPERATIONS OF
FEDERAL EMPLOYMENT BUREAU

Move is Decided Upon by Executive
Council of the American Federa-
tion of Labor.

Washington, April 22.—An inquiry into the operations of the federal employment bureau recently established by the department of labor in conjunction with the post-office and agricultural departments by a committee headed by President Gompers was decided upon today by the executive council of the American federation of labor. Changes in methods applied by the bureau in distributing the controlling unemployed persons are believed by the council to be desirable.

Two sessions of the council were held today for consideration of trade disputes and administrative business of the federation. Plans for the creation of a board of mediation and conciliation were discussed and president Gompers was authorized to appoint a committee to investigate the subject.

Recent actions of the postoffice department in dismissing old employees and reducing salaries of clerks and letter carriers were condemned by the council. This question was submitted to the president for "further consideration." The proposed amalgamation of the National Stogie Makers' League with the Cigarmakers' International Union was approved.

TWELVE ARE BELIEVED TO HAVE
PERISHED WHEN WALL FELL

BIRMINGHAM, Ala., April 21.—More than twelve persons are believed to have been killed and twenty were injured here late today when a five story wall of the old Steele-Smith Building on Second avenue crashed down on the Hane Shoe Store and the Atlantic and Pacific Tea company's store.

Late tonight the body of Manager A. E. McLeod of the Atlantic and Pacific company's store was the only one removed but four others could be seen by rescuers. The debris is so thick that twenty-four hours may be required to recover all the bodies and determine the exact number of victims.

Among the known missing are J. H. Whitlock, traveling auditor of the tea company and Miss Mable Edginger, Miss Madeline Dedman and Irving Melbrant of the shoe store.

COL. ROOSEVELT SPENDS
FIVE HOURS ON STANDTELLS WHAT HE BELIEVES IS INSIDE
STORY OF NEW YORK POLITICS

Swears Barnes Told William Loeb
Jr., He Had an Ironclad Agree-
ment with Murphy to Allow the
Later a Free Hand to Select a
United States Senator.

Syracuse, N. Y., April 21.—Theodore Roosevelt spent five hours on the witness stand in the supreme court here today in the telling of what he said he believed to be the inside story of machine politics and boss rule in New York State. By doing so the former president hoped to convey to the jury which is trying the suit William Barnes brought against him for alleged libel, the impression that he was entirely justified in criticizing Mr. Barnes as he did. He swore that he has been reliably informed that "Murphy Democrats" and the "Barnes Republicans" the latter under the leadership of Mr. Barnes, united upon more than one occasion to defeat the plans of independent men of both parties in the state legislature. And Mr. Barnes told William Loeb Jr., the witness emphatically declared that he had an ironclad agreement with Charles F. Murphy of Tammany hall to allow the latter a free hand to select a United States senator. Mr. Loeb was private secretary to Colonel Roosevelt when he was president and later he was collector of the port of New York. The witness told in great detail of his dealings with the late Senator Platt, the man he had described as the "easy boss."

Said Platt Attempted to Dictate.
Platt, the Coloney said, attempted to dictate the man he, as governor of the state of New York, should appoint to be superintendent of public works. But, said Colonel Roosevelt with a considerable display of pride, when he told Mr. Barnes of the conversation he added that he didn't intend any man should say who he should appoint to office. Mr. Barnes, however, sided with Mr. Platt, saying that the leader of the organization should have complete control of it, the witness swore. The colonel gave what he represented to be the details of his conversations with and what he had been informed were the actions of Mr. Barnes in regard to direct primaries legislation, race track legislation and opposition on the part of the Republican machine to Governor Hughes. He related too, the information former Governor Sulzer and his investigator, John A. Hennessy, gave him regarding alleged corruption in certain state departments. And as a conclusion he denied he held any malice toward Mr. Barnes and added that he considered he was championing the cause of good government against bi-partisan boss rule when he caused the publication of the offending statement.

Tomorrow Colonel Roosevelt will submit to cross-examination at the hands of William M. Ivins, chief of the Barnes' counsel, who has a reputation in New York as a great cross-examiner and a specialist in that line.

When he stepped from the stand at the end of the day's proceedings he appeared to be as fresh as he was when he arrived in court today.

Barnes Listens Attentively.
Mr. Barnes paid particular attention to his opponent during this session of court. He listened to every word the colonel said and occasionally turned to the table occupied by his counsel to make a note upon a pad of paper. Several times during the day he left his seat and walked to the other end of the table to whisper to Mr. Ivins. Usually this whispered conference resulted in the attorney jumping to his feet and offering an objection. Mr. Ivins fought all day to keep the colonel from getting into the records, things counsel for the plaintiff apparently wanted to keep out. With but a few exceptions however, the court ruled in a manner which permitted the colonel to tell the better part of the story he was trying to relate.

DECLARES CAMPAIGN FOR
LOCAL OPTION HAS ONLY BEGUN

People of State to Help Him Organ-
ize a Campaign for Next Year.

Harrisburg, Pa., April 21.—Following the defeat today in the lower branch of the legislature of a bill providing for county local option, Governor Brumbaugh issued a statement in which he declared the campaign for local option had only begun and that he was in the fight to the finish. He calls upon the people of the state to help him organize a campaign for next year and to make it successful. The defeat of the local option had barely been announced today before the governor began sending for the men who had been helping him in his fight and outlined a campaign for nomination of legislative candidates pledged to local option next year. Tonight he met a number of advocates of the bill and legislators and discussed the furtherance of the movement of organized efforts for local option.

TO DRASTIC ACTION.

Tokio, April 22.—(9:10 a. m.)—Two prominent political associations have passed resolutions in favor of Japan taking drastic measures against China. The meetings were arranged to awaken the public to what the resolution described as the "seriousness of the situation." The resolutions state that "China is ignoring the dignity of Japan and hence Japan should take the final step."

KERNALS FROM THE CORNBELT

By Sol E. Quizer.

Is the reason there is such a thing as wash money because money talks?

Utilize the waste! It's an unbusinesslike farmer who burns the cornstalks and then buys fertilizer.

The High School at Dixon, Ill., is equipped with a Victrola. The English teachers use it to give the children an opportunity to hear the masterpieces of English literature rendered by masters of expressions. One morning a teacher offered to let a class choose its own selection.

"Please, teacher," an eager lad in the back of the room piped up. "Let's have that there one about the boob."

"The one about the boob?" Teacher's rendition of the last word delighted the class as the Victrola never had done.

"Yes'm, Please'm. The one about that there boob."

"There has been none about a-a-a-a-a boob," responded teacher with dignity. "And please don't say 'that there'."

The lad persisted. "Why yes'm. The whole class knows—that there has been one about a boob. That th-th-that boob by name Ben Adams."

Then it dawned upon teacher that what the lad wanted was Leigh Hunt's Abou Ben Adhem.

Teachers' Pension Law.

There will be general rejoicing among teachers that the teachers' pension bill passed the Illinois senate Wednesday with practically no opposition. While this does not necessarily forecast the action to be taken in the house, those who have watched the progress of the proposed bill believe that it will fare almost as well there and that it will receive executive sanction. The fact that the work of teachers is generally recognized as of vast importance and not sufficiently compensated had much to do with the favorable action thus far taken.

It is said that the members of the legislature have had large influences brought to bear upon them by their constituents for favorable action on this bill. It provides for a pension fund commission composed of the state superintendent of public instruction, the state treasurer, and three members to be chosen by the teachers themselves. The fund is to be the total of contributions made by the teachers themselves, fixed at a certain percent of their salaries, and an added sum from the state.

President Garfield Understood the Law of Advertising.

The following interesting story about President Garfield is told in the May American Magazine:

"James R. Garfield, of Cleveland, son of the late President Garfield, told one of the editors of the American Magazine the following story about traveling in 1878 as a boy with his father, who was campaigning. One night, after a speech in Michigan, young Garfield said to his father: 'Why do you repeat so much? Do you know that you said the same things several times tonight?' Do you know that you said the same things tonight that you said this afternoon in Detroit?' General Garfield made his reply: 'You happen to be an especially interested party and notice this repetitions. Others do not. I repeat the same statements deliberately in order that people may finally get them. Anything that I want an audience to get and remember I repeat several times—in somewhat different form perhaps. This practice I have developed out of my experience which has shown me that people's attention is distracted in various ways and that a first or a second statement may not really get to them. You must insist on an idea or fact if you want to get anywhere with it.'"

The United States of Europe.

By Victor Hugo.

"A day will come when you, France,—you, Russia,—you, Italy,—you, England,—you, Germany,—all you nations of the continent, shall, without losing your distinctive qualities and your glorious individuality, blend in a higher unity, and form a European fraternity, even as Normandy, Brittany, Burgundy, Lorraine, Alsace, all the French provinces, blended into France. A day will come when war shall seem as impossible between Paris and London, between St. Petersburg and Berlin, between Rouen and Amiens, between Boston and Philadelphia."

"A day will come when bullets and bombs shall be replaced by ballots, by the universal suffrage of the people, by the sacred arbitrament of a great Sovereign Senate, which shall be to Europe what the Parliament is to England, what the Diet is to Germany, what the Legislative Assembly is to France. A day will come when a cannon shall be exhibited in our museums, as an instrument of torture in now, and men shall marvel that such things could be."

"A day will come when we shall see those two immense groups, the United States of America and the United States of Europe, in face of each other, extending hand to hand over the ocean, exchanging their products, their commerce, their industry, their art; their genius clearing the earth, colonizing deserts, and ameliorating creation under the eye of the Creator."

"To you I appeal, French, English, Germans, Russians, Slavs, Europeans, Americans, what have we to do to hasten the coming of the great day? 'Love one another!'"

SOCIAL EVENTS.

Miss Mae Sargent
Hostess to G. T. S. Club.
Miss Margaret Sargent entertained the G. T. S. Club at her home "Fairview" Wednesday afternoon. Ten members and two guests were present. The guests being Mrs. Boddy and Mrs. John Toiv. A social hour followed a musical program and a three course luncheon was served. The house was decorated in yellow tulips. The following are members of the club: Mrs. S. P. Cleary, Mrs. Louis Watt, Mrs. R. H. Blimling, Misses Mae, Myrtle and Lois Paschall, Margaret Wolfe, Ethel Thomason, Miss Clarke and Miss Mae Sargent.

MUNICIPAL AFFAIRS.

Already the newly elected mayor and commissioners of Jacksonville are being besieged with applications for positions. Mayor-elect Rodgers said yesterday that before election day he had received a number of letters from persons seeking positions, some of them even from out of the city. He said that he was telling all applicants that so far as he is concerned the proper course to pursue is to make a formal application in writing addressed to the city council. Further Mr. Rodgers indicated that he did not believe any speedy action would be taken with reference to positions, and said that from his talks with the commissioners-elect that the plan is very likely to be followed of choosing men for positions as occasion develops, indicating their need. He said, too, that so far as he was concerned there would be no disappointed position seekers because of promises given and that he would not have two or three men expecting to get the same job. He said that when appointments were made so far as he was concerned that the notice given then would be the first intimation that the appointees had that their services were desired.

One well known citizen yesterday expressed the hope that one of the early actions of the new council will be to have an inventory of city property. His idea is that no inventory of property has been taken for a great many years at least, and, in fact, no one knows when such a record was compiled. In a number of other cities it has been found of advantage and conducive to general business methods for city officials to take complete stock of city property in all departments. Such an inventory is taken from time to time by other corporations and it seems a reasonable thing to suggest.

The newly elected officials recognize that they have no easy task in the effort they will make to conduct the city affairs in a strictly business like way and to make a showing financially. For many years Jacksonville, like most cities, has carried a considerable floating indebtedness, and at this time of year all the money which can be legally anticipated has been used. There will practically be no revenue, therefore, at the disposal of the new council except the remaining money to come from taxes which will probably amount to \$1,500, and the monthly returns from the water department. This problem of city finances is not a new condition, and it will remain for the recently elected officials to grapple with it and see how they can make the dollars go the farthest. If at each election the new officers could start their official careers with a full treasury and no debts, they could have an excellent chance to show their business ability to a great extent. While it is not very consoling probably, there is a greater chance for the display of business ability in the success which may attend their efforts in running a large business without sufficient funds and without very much financial credit.

No time has been set by the city council for the canvass of returns but probably this will be done Monday. The work may begin at the regular session Monday morning or may be continued until later in the day. The law provides that the new officers shall assume their duties as soon as they are elected and qualify. After the canvass of votes the officers will file their bonds with the county clerk and then will be ready for duty.

BOULEVARD LIGHTS SOON TO BE BURNING

INSTALLATION COMPLETE BY
MAY 30, IS PLAN.

A Portion of Materials are Already in City and All Will be Here by Last of Week—Credit Due Chamber of Commerce for Successful Consummation of Lighting Project.

With lamp globes in the city, the electric cable due to arrive today, and the cast iron standards already on the way, the boulevard light system is well under way and it will be a matter of a few weeks only until Jacksonville's business district will rank among the best lighted in the state of Illinois. With the arrival of the cable, G. A. Sieber, electrical contractor, expects to double or triple his working force and the eighty-eight lamps will in all probability be installed by the last of next month. W. D. O'Kell of the King Foundry Co., St. Joseph, Mo., was in the city yesterday in conference with Carl H. Weber, secretary of the Chamber of Commerce with regard to final arrangements for the lights and the work will be brought to speedy completion.

Half of the fifty-two hundred dollars necessary has been collected and collection of the remaining sum will begin at once, states the secretary, as most of the materials shipped are accompanied by sight draft and it is desirable that the funds all be on hand. For several weeks workmen have been drilling holes for the posts and getting ready for the cable and no trouble is anticipated in having the lights ready to turn on by Decoration day when there will be a fitting celebration.

The cable is coming from Pittsburgh, Penna., and April 22 was the date named by the manufacturers for its arrival here. Its total length will approach one and one-half miles and the entire cable will be underneath the pavement, with above-ground connections. The cable is of the safety three-conductor type and is of the best quality.

The globes which were manufactured in Charleroi, Penna., are in the city according to notification received last evening by Mr. Weber from the Wabash railroad. The standards are on their way, stated Mr. O'Kell yesterday, and are in cars marked in large letters with their destination. A photograph of the assembled equipment was taken before the poles left the factory and other views to be taken by the foundry company for advertising purposes, will show the boulevard lights during installation and after completion.

The standards will stand thirteen and one-half feet high, and each will bear three lights. It is the intention to burn all three lamps until eleven o'clock and the center lamp all night.

System Described.

As before brought out, the system will include the square and the main streets in four directions for one block each. On the square there will be placed thirty-two lamps at sixty-foot intervals. On Main street there will be twenty-four posts, illuminating that street to College avenue on the south and to North street on the north. Twelve lamps will light State street to East street and twelve will be similarly placed on West State street, with one in front of the Drexel to begin the next block. There will be two lamps on Hopper's corner and two more on the Grand Opera House block, which, with three lamps on South Sandy street, will bring the total to eighty-eight. On the side streets the lamps will be located at intervals of seventy-two or seventy-three foot intervals.

From the beginning, the proposition to light the business district with boulevard lamps has met with strong support, and although a few have been slow to join in with the idea, Mr. Weber speaks well of the way in which property owners and tenants also, have given their support. When first considered by the Chamber of Commerce, some members there were perhaps who doubted the advisability of putting in lights at this particular time. So well has the idea been received, since work on the boulevard system has actually begun, that there now seems a probability of extending the lights beyond the business district and to include several residence streets, especially those leading to the railroad stations.

Celebration Talk.

The form of celebration on completion of the lighting project has not been definitely determined, but it is not unlikely that such observance will be held in connection with Memorial day exercises. A speaker of note will no doubt be secured and various ideas for floats, drills, etc., may be worked out. It is planned to send out general notification of the event and to invite attendance, especially on the part of anti-tuberculosis from surrounding towns.

FOR WEAK, SOUR GASSY STOMACHS.
It's torture to sit down to a well filled dinner table and know that to eat what you want means misery afterwards. Eat ever so little of the forbidden foods and you have to take soda mints, pepsi pills or other artificial digestants to stop the bloating, heart burn, sourness, gas and stomach lump that always follows. But the more of them you take the more you must and soon the pills become a part of your regular diet. You think you can not eat without them, but you can.

There is an old time stomach prescription called Mi-o-na Stomach Tablets that acts directly on the stomach itself and not on the food. One or two Mi-o-na tablets after each meal not only prevents all stomach distress but stimulates healthy natural flow of digestive juices, strengthens the muscular walls and makes the stomach strong enough to do its own work and that's the only way to stop indigestion. Coover & Shreve and other dealers sell Mi-o-na on a guarantee of quick relief or money back. Get a package of Mi-o-na, keep it handy and watch your stomach ill's get out for good.—Advt.

RAILROAD HEADS URGE PASSAGE OF MEASURE

(Continued from Page One.)

defend in court persons without means was introduced in the house today by Representative Gardner of Chicago. The bill applies directly to Cook county but other counties could adopt the plan at the pleasure of the board of county commissioners. A bill was introduced in the house providing for the appointment of a state mining board of six, three to be practical coal miners and three coal operators.

Another bill introduced would revise and consolidate the labor laws of the state. It creates a department of labor the governor to appoint a commissioner of labor.

Fishing with trammel nets will be prohibited if a bill being drafted by a sub-committee of the senate fish and game commission becomes a law. The sub-committee today began the consideration of a dozen measures affecting the fish and game laws which have been introduced and combine the best features of all in one bill.

After amending it to limit the workday of women to nine hours instead of eight as was provided for in the original bill, the McCormick "hours for women bill" was reported out immediately tonight by the sub-committee of the house industrial affairs committee. The measure will be reported to the full committee tomorrow.

At the conclusion of a lengthy discussion on the merits of the bill prohibiting the issuance of labor injunctions except in cases where there is loss or damage to property the house committee on judiciary tonight voted out and recommended the passage of the measure. The absence of two "dry" members of the senate committee on license and miscellany from tonight's meeting caused postponement of action upon Senator Pervier's county option bill and the and the killing of Senator Cleary's residence district measure.

PIG CLUBS FOR BOYS AND GIRLS

WORK IS BEST CARRIED ON BY MEANS OF LOCAL CLUBS

To Impress Upon the Boys and Girls Possibilities in Swine Raising and Generate Greater Interest in Farm Affairs, Organization Object—Rules for Contest.

(By W. H. Smith, Animal Husbandry Department, University of Illinois.)

The object of this branch of the boys' and girls' club work in Illinois is to increase their interest in farm affairs by developing in them a greater love for animals and showing them the possibilities of swine raising through careful selection and better methods of feeding.

The work of the boys' and girls' pig clubs in this state is best carried on through Local Clubs, which must consist of at least five members. Each Local Club must be in charge of an adult person, known as the Local Club leader. Any boy or girl between the ages of 10 and 18 years may become a member of such a club by agreeing to raise and exhibit one or more pigs. A Local club may be organized in a school district, neighborhood, township, or any other unit. As soon as the club is organized a list of the members and names of the officers must be sent to the Junior State Leader. A contest must be arranged for the club by the Local Leader at which each member must exhibit his pig or pigs. The pigs will be judged by some competent person and the results of the Local Club contest must then be sent to the Junior State Leader, who will furnish all necessary blanks for this purpose. Membership in any local organization gives the holder membership in the State Club. Where no Local Club is formed in a community, any boy or girl who is eligible may become a member of the State club on application to the Junior State Leader.

State Club Contest.

Rules. A member of the State Club is entitled to exhibit his pig or pigs in the Pig Club Classes in the State contest at the Illinois State Fair, September 17-25, 1915, at Springfield. All entries in this contest must be made through the Junior State Leader. No charge will be made for pens or entry fee. An admission ticket will be furnished each contestant on application to John S. Culp, superintendent of Class D—Swine. The Illinois Live Stock Breeders' Association will render transportation assistance to any boy or girl desiring to exhibit at the State contest, provided previous arrangements are made through the Junior classes of the State Fair in addition to the Pig Club Classes. It will be necessary to comply with the rules of the Fair Association governing those classes. Animals exhibited in the pig club classes cannot be shown in any open classes by anyone except the pig club contestant.

Premiums for State Contest.

To increase the interest in the State contest the State Board of Agriculture, the Illinois Live Stock Breeders' Association, and the various swine association have offered cash premiums for the State Club contest. In making awards, consideration will be given to the best pig. The Berkshire, Chester-White, Duroc-Jersey, Hampshire, and Poland-China breeds will be shown in separate classes. The following premiums are offered for each of these breeds.

Litter of pigs under 6 months—First, \$10; second, \$10; third, \$10; fourth, \$10; fifth, \$10.

Boar pig under 6 months—First, \$10; second, \$10; third, \$10; fourth, \$10; fifth, \$10.

Sows pig under 6 months—First, \$10; second, \$10; third, \$10; fourth, \$10; fifth, \$10.

One half of the above premiums is offered by the State Board of Agriculture, and one-half by the respective breed associations.

All grade and cross-bred barrow and sow pigs, as well as all pure-bred pigs not mentioned above will compete in the same class for the following premiums:

Litter of pigs under 6 months—First, \$10; second, \$10; third, \$10; fourth, \$10; fifth, \$10.

Pig under six months—First, \$10; second, \$10; third, \$10; fourth, \$10; fifth, \$10.

Some Special Rules.

1. Membership shall include only boys and girls of Illinois between the ages of 10 and 18 years.

2. Each contestant must secure one or more pigs before June 15, 1915, to be fed, cared for and exhibited by him.

3. He must keep accurate records and report on the kind of pig or pigs the feeds, weights, gains and methods of handling.

4. The record at the beginning of the feeding period shall include the age, sex, breed or markings, and the weight of the pig. When a litter is raised the total number farrowed and the weight of each pig at the beginning of the feeding period must be given. This record should be reported to the Junior State Leader on or before July 1, 1915.

5. A complete record of all feeds eaten as well as the amount and kind of pasture used must be kept and reported as called for.

6. All pigs for this contest must have been farrowed after March 1, 1915.

7. All entries to the Big Pig club contest should be sent to the Junior State Leader by September 1, 1915. No entry or pen fee will be charged and an admission ticket will be furnished each contestant.

8. Awards will be made in every contest on the following basis:

(a) The best hog with respect to the purpose it is to serve 40 per cent.

(b) The greatest average daily gains on the pig—20 per cent.

(c) The lowest cost of production—20 per cent.

(d) Best kept records and reports—20 per cent.

Total—100 per cent.

9. All feeds and pasture will be valued at current market value.

10. The final report, including the entire record since the feeding began, must be completed on September 15, 1915, and be in the hands of the Junior State Leader on or before September 18, 1915.

(All correspondence relating to the Pig Club Work in Illinois should be addressed to Junior State Leader, College of Agriculture, Urbana, Illinois.)

FEDERAL COURT UPHOLDS UNION OF CUMBERLAND CHURCH WITH MAIN

Decision in Missouri Brings to a Close Struggle in Presbyterian Church—History of Contention.

Presbyterians of the city will be much interested in the decision which was handed down a few days ago in the United States circuit court of St. Louis regarding the union of the Presbyterian and Cumberland Presbyterian churches, which has been fought by an insurgent minority ever since it was voted by the general assemblies of the two denominations in 1906, and which was legally confirmed by the decision.

The decision, which was written by Judges Carland and Amidon, vests the title of the property of Missouri Valley College at Marshall, Mo., and the title to all church property of the former Cumberland denomination, in the Presbyterian church of the United States of America (the Northern Presbyterian body), and its state synods. Except for the possibility of an appeal by the insurgents to the United States supreme court, this decision settles the nine years' controversy. In view of the great weight of decisions in favor of the union, it is doubted whether the fight will be carried further.

Before the union of 1906, the Cumberland Presbyterian church was a body of 240,000 members, chiefly in the Central West and South. The union of this church with the much larger Presbyterian church, U. S. A., was advocated as a step toward a general union of Protestant churches. The larger church favored union, and in May, 1906, after the proposal had been indorsed by the Cumberland General Assembly, meeting in Dallas, Texas, the organic union of the two bodies was proclaimed.

40,000 to 60,000 Insurgents.

The minority in the Cumberland body did not concur in the majority's decision and a number, variously estimated at 40,000 to 60,000, refused to consider themselves members of the Presbyterian church U. S. A. In some localities these insurgents controlled the local churches, and they refused to turn over church buildings to the ownership of the Presbyterian body.

While the greater part of the insurgents were in Tennessee and Kentucky, the fight also raged in Missouri, and Missouri Valley College, at Marshall became a point of contention. Its property and endowment were in dispute, and its development was checked.

Litigation arose in 12 states, and cases involving the title to church property dragged through the courts for years. In Tennessee and Missouri the insurgents obtained decisions favorable to them but the Missouri Supreme court recently rendered a decision which practically reversed its former one, and which was favorable to the Presbyterian church.

Illinois Favored Union.

In Alabama, Arkansas, California, Georgia, Illinois, Indiana, Kentucky, Mississippi, Oklahoma and Texas the state courts decided in favor of the union.

COMPARISON OF COUNT OF PARCEL POST MAILS

The force handling the parcel post business at the post office has been busy the past two weeks keeping tab on the amount of packages handled. The government gets down to details in asking for facts. The figures show a good growth and below is given the data for business of first two weeks in April, 1915 to that of the first two weeks in October, 1914.

Why Suffer With Impure Blood

An Effective Remedy That Can Be Relied Upon.

You can step into almost any drug store in the U. S. and get a bottle of S. S. S., the famous blood purifier. So there is no need to struggle or suffer with any blood disorder. It doesn't make any difference how severe is the outbreak, S. S. S. will overcome it. This famous remedy gets into your blood at once; it works with a will, it just simply annihilates disease germs, it drives them out, converts them into a harmless substance for quick elimination. Get a bottle today and you will quickly realize that S. S. S. is just as essential to blood health as are the meats, fats, grains and sugars of our daily food. And if yours is a stubborn case, write at once to the Medical Adviser, The Swift-Specific Co., 112 Swift Bldg., Atlanta, Ga. He will put you right. This department has been of incalculable service to a host of men and women. It has enabled them to understand their true condition, to take care of themselves in the right way, to so use S. S. S. in conjunction with health helps as to obtain the desired results without mistakes. Do not accept any of the horde of substitutes so often displayed for those who are easily misled. S. S. S. has been the standard for half a century and is unquestionably the safest medicine you can use.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and a chemist's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—adult feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

OLD JACKSONVILLE

The Conns

By Ensley Moore.

Member of Illinois State Historical Society.

One of the most remarkable women who ever dwelt in Jacksonville was Mrs. Eliza Conn, as Eames calls her in his "History." She lived one door east of the Eames' homestead. Much of the data regarding the Conns in this paper was furnished by Mrs. Conn's grand-daughter, Mrs. Eunice Conn James, now of Longwood Drive, Chicago, Ill. Mrs. James' mother was a Miss Rearick, a daughter of George Rearick, perhaps our first merchant, and a country officer and Justice of the Peace. Mr. Rearick's home, and that of his widow after him, was for many years at the south west corner of the present High school grounds, northeast corner of Kosciusko and West State streets. Mrs. James calls her grandmother Conn's first name Elise, probably the French for Eliza.

Not only was Mrs. Conn so notable herself, but her family was one of the most interesting of those in the history of this place.

The following is some of the data regarding Mrs. Conn and her family and descendants:

Mrs. Conn was born in the island of St. Bartholomew, West Indies, in the year 1793, of French parentage. Her maiden name was Elise Seixas. She had two half sisters, viz: Anne and Frances Brainerd. (Mrs. Ellis of the Jacksonville Female Academy). In 1806, at the age of 14, she was married to Curtis Conn, who was a native of New England, owning a fleet of merchantmen, plying between the United States, England and the West Indies, residing when on shore in Baltimore, Md. After their marriage they resided in the island of St. Thomas, West Indies, until 1817.

The War of 1812-15 having impoverished Mr. Conn by the loss of his vessels, they deemed it advisable to seek a new home in the United States. While living in St. Thomas, seven children were born to them, two daughters, who died in infancy, William Alexander, Mary Matilda (Mrs. William Swanwick), Richard Denis, Eliza Ann (Mrs. Joseph Swanwick), and Julia.

On reaching the United States they settled in Kaskaskia, Illinois, the French residents there being agreeable to Mrs. Conn. She was twenty-five years old when she came to this country. Although she could read and write English, she could not speak it. She was a very remarkable woman intellectually, and in a very short time she mastered the difficulties of speaking English, and could converse in its fluently.

During their residence in Kaskaskia an incident occurred that will illustrate her strength of character. Mrs. Conn was brought up in the Roman Catholic faith, and was an ardent advocate of that religion. Among her acquaintances in Kaskaskia was a Mrs. Hallman, a staunch Presbyterian. The two commenced arguing on their respective faiths with the result that Mrs. Hallman (afterwards Mrs. Morrison of St. Louis) and all her descendants became Romanists; Mrs. Conn, a devout Presbyterian. Mrs. Morrison was probably Mrs. J. L. D. Morrison.

Capt. and Mrs. Conn removed to Spring Hill farm, not far from Kaskaskia, where Curtis Francis, was born August 15th, 1821; Samuel, 1823, and Eunice Celeste, 1826. Capt. Conn died in August of the same year, aged fifty years. Mrs. Conn went to Jacksonville, Ill., to live in a few years to educate her children. Their place of residence while there was on West State street in the house afterwards occupied by Peter Tilton. It stood second door west of Kosciusko street, on the north side of West State street.

Julia Conn died during the cholera epidemic of 1833; Mrs. Ellis also. Samuel and Eunice also died in Jacksonville—Eunice in July, 1849, aged 22 years. She was very handsome and very intellectual. She and Julia and Samuel are buried in the East cemetery. Mrs. Conn died July

18th, 1879, aged 87. She is buried beside her husband in Chester, Illinois.

Matilda (Mrs. William Swanwick) had four children: Curtis C., a physician; Thomas, William and Frances (wife of Prof. J. Renwick Sloan of Allegheny City, Pa.). The first two (deceased) married, and are buried in Chester. William died in Mississippi, unmarried. It is uncertain about Mrs. Sloan.

Richard Denis married Phoebe Hawkhurst, Brooklyn, N. Y. He was a sea captain. It is not known when he died. Children: Susan Allen, Curtis William, Richard Denis and Eunice Celeste, later deceased.

Eliza Ann married Joseph Jonathan Swanwick about 1854 or '55. Children: Elise, Hannah, Thornthwait, Joseph, William, Frederick, Hannah and Joseph are living.

Eliza died in Santa Barbara, Cal.; William at San Bernardino.

Curtis Francis Conn, who was a student of Illinois college in 1835, married Catherine Ellen Rearick of Jacksonville, Ill.; they first resided at Keokuk, Iowa. He was captain of Company E, Seventh Iowa Infantry during the Civil War. Moved to Memphis, Tenn. at close of war; died there June 9th, 1886. Children: Eunice Celeste, married to A. A. James of New York City, since deceased; Emma R., died in early childhood; Katherine, who died in early childhood; Mary, married to Melville Glenn Holding, at present president Cook County Civil Service Commission, Chicago, Ill.; Jeannie R., died in childhood. Mrs. Curtis F. Conn was the first girl child born here.

"Mother" Conn was small, dark, very vivacious, and decidedly French. She brought up a large family well on limited means, commanded the respect of all, and was a very strong character. Mrs. James says: "She was an aged woman when I was a small child, but I well remember hanging breathless on the stories she told of her life in 'the islands' that sounded like fairy tales to me."

In a copy of the Morgan Journal (predecessor of the Jacksonville Journal) of April or May, 1847, Conn (William) and Chambers (Col. Geo. M.) are spoken of by Eames as being in the Forwarding and Commission business. Eliza A. Conn was one of the pupils enrolled at the Jacksonville Female Academy, May 22, 1833, along with thirty others, at the time of the formal opening of that venerated school. Julia Conn died of cholera in 1833, as stated above, and her loss was not the only one "Grandma" Conn was called upon to endure at that time. For Mrs. Conn's half-sister, Mrs. John M. Ellis, with the latter's two children went then.

Dr. A. T. Norton, in his "History of Presbyterianism in Illinois", referring to the establishment of the Presbyterian church in Kaskaskia, the first capital of Illinois, May 27, 1821, in a list of names of the nine charter members, gives that of Mrs. Eliza Conn. He says: "Mrs. Conn still (1879) survives and resides in the Bois d'Ailly, five at the Bois de Montmorency and one at the Bois de Prentre. We attacked to the north of Fliry and captured another German trench. We established ourselves there and connected it with those which we had previously taken."

There were massacres in the West Indies in the latter part of the eighteenth century, and there was a time of great excitement and terror there, owing to the insurrection of the colored people. Somewhere, it seems that Mrs. Eliza Conn, or her parents were involved in those troubles.

As stated before in this article, Eunice, the youngest child of Mrs. Conn, died here, in about the year 1849. It would appear that Mrs. Conn left Jacksonville, as a place of residence, about 1850. She left this place, but her name and influence, and stories of her strong and splendid appearance and character still are told by the children of the earliest settlers. She was a small woman physically, but her will was strong and her flashing, dark eyes are a memory here to this day.

ADVERTISED LETTERS.

The following letters remain unclaimed in the Post Office at Jacksonville, Illinois, for the week ending April 20th, 1915.

Anderson, Prof. and Mrs. John A. Barber, Robert O. Barfield, Miss Pearl. Bosccher, Grover. Graff, J. B. Hall, Ida. Leonard, Taos, H. McDaniels, Miss — (?). Mills, G. R. Pettit, Dr. J. G. Roberts, Persie. Robinson, Mrs. Nancy. Parties calling for these letters will please say "Advertised," give Dead Letters. This seriously impairs postage due.

The Post Office Department in its printed "Postal Information" for the public says, "Because of carelessness in addressing and preparing matter for mailing, or failure of sender to place his name and address on it, millions of letters and other pieces of mail which can not be delivered or returned to sender, are each year sent to the Division of Dead Letters. This seriously impairs the efficiency of the postal service and causes much additional expense. The practice of some business concerns of omitting station numbers, etc., from their stationery and advertisements results in increasing the volume of insufficiently addressed mail. The Department urgently requests the public to exercise the greatest possible care to see that mail is sufficiently and correctly ad-

ressed, in order to secure its prompt and certain delivery, thereby relieving the postal service of much unnecessary expense and increasing its efficiency."

Ralph I. Dunlap, Postmaster.

MARKET.

The Marys and Marthas of Grace church will hold a market Saturday at Johnson, Hackett and Guthrie, east side square.

AN OLD LETTER.

Captain J. M. Swales in looking over some old papers recently, found a letter addressed to a relative of his, Mrs. Mary Henderson. The letter was written in 1848 by R. H. Gresham, a brother of the well known Roger G. Gresham. The letter was unusual from the fact that it was written before the days of envelopes and was prepared for mailing by simply folding and sealing with wax. In place of a stamp, the amount of the postage was indicated in writing at the upper right-hand corner. Although the letter was penned more than sixty years ago it is perfectly legible.

TAXES! TAXES! TAXES! Taxes not paid by May 1, or if paid through the banks, if receipts are not received in my office by May 1st will be subject to a penalty of one percent and advertised as soon thereafter as a list of delinquents can be prepared.

EUROPEAN WAR NOTES

London, April 21.—(9:15 p. m.)—The British war office tonight gave out an official statement dealing with the military operations in the vicinity of Ypres, Belgium where British troops recently captured Hill Sixty from the Germans. The statement said:

"Violent and continued counter-attacks are being made on Hill Sixty. Yesterday the enemy's attack was renewed and between six and nine o'clock heavy attacks made by infantry were repulsed with great loss to the enemy. The hill was heavily shelled all night and several further attacks were repulsed. A bold and successful attack was made on the enemy's airship harbor and shed at Ghent. The extent of the damage must have been considerable."

Vienna, Via London, April 21.—(9:25 p. m.)—The war office today issued the following official communication:

"The enemy has discontinued his attacks against the most important sectors in front of our positions which protect Ondawa, Laboreza and the Ung Valley."

"In the wooded mountains between Laboreza and the Ung Valley the enemy again attempted, despite heavy losses to break through by advancing against our extreme wings. This caused severe fighting in the Upper Cziboka Valley near Nagyopolany which lasted for several nights. The Russians suffered severe losses in killed and wounded. We captured over 3,000 unwounded prisoners."

"The Uzok pass is still in our possession."

Paris, April 21.—(11:40 p. m.)—The French war department today announced that the allied forces had gained a victory in the operations against the Germans in Kamerun. A German colony of western equatorial Africa. The text of the statement follows:

"After heavy fighting of the last few months the German troops in Kamerun have been forced to retreat from the high plateaus situated in the center of the colony. The seat of government has been transferred to Jaunde. The movement of the allied forces in this direction continues."

"French native troops from central Africa have attained in the east the line Lomie-Dume. Toward the west troops commanded by Colonel Mayer following the railway line, have succeeded in forcing a passage across the Kele river."

"British troops marching in a northerly direction and following the Edea-Jaunde road have taken possession of the Newaga bridge."

"Two brilliant engagements caused the allies insignificant losses."

Paris, Via London, April 21.—(11:45 p. m.)—The following official communication was issued by the French war office tonight. In Belgium an attack was made against a trench won by the British on Hill Sixty near Zwartelee, but was repulsed. The losses of the enemy at this point since April 17th, are from 3,000 to 4,000 men.

In Champagne near Ville Sur Tourbe the Germans attempted to attack, our artillery preventing them from leaving their lines. "In the Argonne near Bagatelle, a purely local but very energetic attack was stopped short by our fire. Between the Meuse and the Moselle we repulsed German attacks of varying importance, some of them being merely reconnaissance ones at the Bois d'Ailly, five at the Bois de Montmorency and one at the Bois de Prentre. We attacked to the north of Fliry and captured another German trench. We established ourselves there and connected it with those which we had previously taken."

"Our gain of the last few days thus extends over a continuous front of more than 700 metres (about half a mile)."

CARE OF THE EYES.

Health as Well as Beauty Demands That Eyes Get Attention.

The woman who takes care of herself should give as much attention to her eyes as she does to her skin or to her hair. In the first place after driving or being in the dust of the city or country she should wash or bathe her eyes with tepid water. This removes the irritating dust or small particles. After reading or before going to bed she should bathe the eyes with salt water or tepid water to which is added a pinch of salt, and using an eye cup, will be surprised at the difference in the sparkle of the eyes. If inflamed they should be bathed several times a day. The dull, sunken eyes, the hollow circles and sallow complexion of many women is due, however, to the complaints and diseases peculiar to women. The best thing I know for this is Dr. Pierce's Favorite Prescription, because it is a temperance tonic, being made of roots and herbs with pure glycerine. It establishes regularity, heals inflammation and banishes pain. Dr. Pierce publishes the ingredients on the wrapper so it is not a secret and I have seen many women cured by it and not only that, but the dull sunken eyes, the sunken cheeks and hunched, hunched appearance. Thousands of women have testified to having been cured of womanly diseases by this Prescription. It speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous irritable and exhausted women.

It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Keep the bowels healthy by using Dr. Pierce's Pellets. They don't gripe.

TO HONOR MAN WHO SHOOK THE NATION.

Washington, April 21.—Through Elihu Root, the retired Senator from New York, and other Republican leaders, funds for a monument are being raised, in honor of Hinton Rowan Helper, whose book on the slavery question shook the nation in ante-bellum days, and served as a campaign document for the election of Abraham Lincoln to the presidency. Helper was a close student of human affairs. He made a fortune in the gold mines on the coast, but

dissipated it all in the project of building a railroad from the Bering Straits to the Straits of Magellan. He had a part of the route surveyed, and his pet scheme was a through railroad through North and South America. He died unknown in Washington, and now the Republican leaders are raising the funds for a monument to be placed over his grave.

IF CHILD IS CROSS, FEVERISH AND SICK

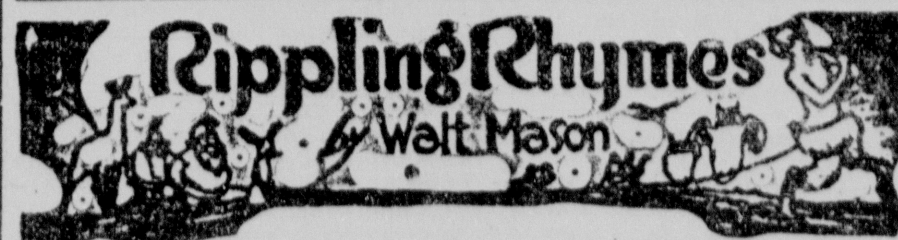

Look Mother! If Tongue is Coated Give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother. See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

APRIL DAYS

It's April, the sunny, so hand me my lyre! The month for my money, the month I admire. The breezes are tender that sigh o'er the sea, and folks of each gender are dancing with glee. No blizzards are blowing their way through the streets, but garden sass, growing, gives promise of eats. The milkmaid is milking the solemn-eyed cows; book agents are bilking the easy-mark frogs; the farmers are riding on spring-seated tools, and singing and hiding the dungbusted mules. The roosters are going on jubilant legs, you'd think, from their crowing, they laid all the eggs. The whole world rejoices that April is here, and all of the voices that come to the ear, with rapture are thrilling, with peace and content; so why are you spilling, those tears, gloomy gent? The winter is ended, and spring is on deck, and everything's splendid and bully, by heck! So shame on the critter who digs up a whine, whose bosom is bitter, whose eyes soak in brine! There's joy in the breezes, there's zip in the air, forget your diseases, your grief and your care!

TIGERS MAKE CLEAN SWEEP OF SOX SERIES

RALLY IN EIGHTH AND NINTH INNINGS AND WIN

Winning Run is Scored When Young Beats Out an Infield Hit—Yanks Take Game From Athletics by Score of 8 to 5.

Detroit, April 21.—Rallying in the eighth and ninth innings the Tigers won from Chicago and made a clean sweep of the series. Russell was invincible until the eighth. When the Detroit's half of that inning began Jennings' men were three runs behind. A triple by Bush, Young's infield out and doubles by Cobb and Crawford produced two runs. Kavanagh opened ninth with a single. Russell made a wild throw of Vitt's bunt and Kavanagh took third. Faber replaced Russell and fanned Moriarty, batting for McKee. Fuller batted for Boehler and made an infield hit, filling the bases. Bush walked forcing in Kavanagh and the winning run scored when Young beat out an infield hit. The score:

SPORTING NOTES.

A strange report comes from Lexington that Marvin Hart may make his re-entry into the ring during the race meet.

Willard is making hay while the clouds are away, but followers of the fight game can't figure out a long term for him in the lime-light.

The professor tells us that the athletic heart is a reality, and not a joke. The heartless athlete is also with us, according to Willie Ritchie's sister, who says Willie copped off all of the state.

The star college athletes meet at Philadelphia Friday and Saturday. 241 teams are entered in the relay and other springs.

Hobey Baker, the hockey and football star, goes in for swimming this summer, representing New York in the water.

George Moore, the new three-cushion billiard champion, is a little fellow, hardly higher than his cue. He was defeated only twice in 13 games at Chicago.

Barney Oldfield was the heaviest winner in the Coast auto races. He pocketed \$7,000 in cash, besides trophies.

Buffalo has an armless golfer, who plays good billiards also, and writes. He holds his golf club between his cheek and shoulder, and makes the course in 108, with 78 as bogie.

Don Lippincott says the limit has been reached in the 100-yard dash. Nine and three-fifths seconds seems to him to be the lowest we can expect.

The Athletics' line-up looks natural and assures us Connie is at the helm with the steady arm as of yore.

Harvard and the Navy cross bats at La Crosse today at Annapolis. The Cambridge boys will tackle Johns Hopkins on Saturday.

A noticeable lack of baseball war talk furnishes some relief to lovers of the game since the season opened. Somebody should get a medal for putting on the lid.

SUSPEND WORK ON ACCOUNT OF STRONG WIND.
Washington, April 21.—Rear-Admiral Moore at Honolulu reported today that a strong wind yesterday made it necessary to suspend the work of replacing a broken cable on the sunken submarine F-1. He added that Diver Loughman, who suffered from a prolonged stay under water due to tangled lines was recovering satisfactorily.

BRAVES DROP LAST OF SERIES TO BROOKLYN

EASTON USES FOUR TWIRLERS AND BROOKLYN TWO.

Sherrod, Smith and James are the Only Pitchers Effective—Cincinnati Wins Five Inning Game with St. Louis.

Boston, April 21.—After winning four games of the series from Brooklyn the Braves lost today. It was a game of erratic pitching, Boston using four twirlers and Brooklyn two. Sherrod Smith of Brooklyn and James of Boston, the latter making his first appearance of the season, were the only pitchers effective.

NATIONAL COMMISSION ALLOWS ONE PROVISION ASKED BY PLAYERS

CINCINNATI, O., April 21.—Of the nine provisions requested by the baseball players' fraternity to be inserted in what is known as the "fraternity agreement" the National Baseball commission late today handed a finding allowing one of the provisions and denying three. Of the other five two were found already to exist in the agreement; another existed in the agreement in a modified form, making the provision unnecessary in the opinion of the commission; one was withdrawn and another dealt with minor leagues and was therefore up to the national board of the national association.

The provision that was allowed, number 9, was:

"That the commission and the board furnish the managements in the various organizations over which they have jurisdiction, respectively, with forms of release making provisions for the several items of information required by the agreement."

The provisions that were denied were Nos. 3, 4 and 8.

MEETING OF MISSIONARY UNION AT CENTRAL CHURCH

Semi-Annual Gathering Wednesday Afternoon With Miss Winifred Muir as Principal Speaker—Tells of Work in Nanking.

The semi-annual meeting of the Jacksonville Missionary union was held Wednesday afternoon at 3 o'clock at Central Christian church with Miss Winifred Muir of Rushville, Ind., recently returned from Nanking, China, as the speaker of the afternoon. Mrs. W. Finley Brown, president of the union, presided, and Miss Mabel Goltra was secretary. After the program refreshments were served by ladies of the Christian church.

Miss Muir told of her work at the school for girls in Nanking, illustrating her talk with photographic views and displaying curios and samples of the embroidery done by the girls of the Nanking school. Music was furnished by Mrs. Thomas Harber and Miss Esther Spadlin, both of whom sang solos.

A nominating committee was named to report a list of officers at the meeting of the union in October or November. Nine Missionary organizations in eight Protestant churches now have membership in the union and from the meeting yesterday afternoon it is apparent that excellent work is being done in the individual societies. The committee named consists of Mrs. A. B. Williamson of the Baptist, Mrs. Howard D. French of State Street Presbyterian church and Mrs. A. C. Metcalf of Centenary M. E. church.

MRS. CLAYTON'S LETTER

To Run-Down Nervous Women Louisville, Ky.—"I was a nervous wreck, and in a weak, run-down condition when a friend asked me to try Vinol. COURT NEWS

PROBATE COURT.

Estate of Patrick Cosgriff, final report approved and estate declared closed.

In the matter of the guardianship of Margaret Walsh, the inventory was approved.

In the estate of John Murray, the motion for the discharge of the administrator was allowed and the estate declared closed.

County Court.

In the county court Wednesday Raymond Fernandes was arraigned on the charge of selling liquor in anti-saloon territory. Four counts of the indictment against him were dismissed on motion of the people, after the defendant had agreed to plead guilty upon one count. This plea was then admitted and Judge Thomson committed the defendant to the county jail for a period of thirty days and ordered that he pay a fine of \$100 and costs.

In the case of Willis Barger and Helen M. Rose charged with living in adultery the defendants entered a plea of guilty and Judge Thomson sent both to the county jail for a period of seventy days and ordered that each pay a fine of \$100 and costs.

Suits Added to the Docket.

The following suits were added to the docket of the May term of the circuit court:

Ayers National bank vs. William Barber, assumpsit.

Henry Wintler vs. Alexander H. Smith, forcible closure.

State Bank of Holmes vs. Roscoe Carruthers, assumpsit.

Licensed to Marry.

TELLS HEBREWS ABOUT BEES.

J. W. Bowen of this city is recognized as an authority on bee culture and a recent issue of the Jewish Farmer gives an article from his pen on this general subject. As the article is printed in the Hebrew language, not many of Mr. Bowen's Morgan county friends will be able to read it.

Al Foster of Sinclair was a business caller in the city Wednesday.

ENLARGEMENT OF STATES CAPITOL GROUNDS PROPOSED

Bill Introduced in General Assembly Requires That Springfield Must Contribute \$100,000 to Fund.

Enlargement of the capitol grounds at Springfield and the erection of a new state building are provided for in a bill just introduced in both branches of the General Assembly. It is planned to have the formal dedication of the structure form one of the features of the Illinois Centennial celebration in 1918.

The bill was introduced in the Senate by Senator Walter I. Manny of Mt. Sterling and in the House by Representative W. M. Brown of Cook county. It creates a Centennial Building Commission, consisting of the governor, secretary of state, superintendent of public instruction, the chairman of the state art commission, the president of the State Historical society, and two persons to be appointed by the governor. This commission is vested with full power to carry out the provisions of the act.

Provision is made in the measure for the acquisition of the two square blocks of property lying directly south of the present capitol grounds. When the state house was erected, it was planned to add this tract to the capitol grounds, but the purchase never was made and as a result, the state house has never been completed in accordance with the original plans.

One stipulation of the bill is that the citizens of Springfield, or some one in their behalf, shall contribute \$100,000 to be used in part payment of the real estate before any portion of the state's appropriation to the fund shall become available. When the \$100,000 is forthcoming from the people of the capital, a state appropriation of \$250,000 is to become available as an additional fund for the project.

JORDAN CHILDREN BETTER.

A few weeks ago Annie Louise Jordan and her sister, Catherine, daughters of Mr. and Mrs. Louis F. Jordan of Sandusky street, went for a visit at the home of their uncle, L. C. Hackman, at Arenzville. While there Catherine, aged eight years, was taken with the measles, and the family was quarantined. A few days later she developed chickenpox, and before she had recovered her sister, Annie Louise, aged ten years, was taken with pneumonia. Now both little girls are recovering nicely, much to the gratification of the girls and their many friends.

ILLINOIS STATE NEWS

Lombard Head Resigns.—H. W. Hurt has announced his resignation as president of Lombard college.

Engineer's Wife Dead.—Mrs. Mabel McDaniel, wife of Allen B. McDaniel, assistant professor of civil engineering in the University of Illinois, is dead from pulmonary tuberculosis.

Oldest K. of P. Dead.—M. A. Hurlington, aged 84 years, believed to be the oldest member of the Knights of Pythias lodge in the United States was killed near Marshall while walking on the Big Four railroad tracks.

Man Still Missing.—No trace has been found of John L. Euerkett, supervisor from Salisbury, who has been missing since a week ago. The last that was seen of him was when he left his home with a suit case well packed with linen.

More Foot and Mouth Disease.—Two hundred head of cattle and about one hundred head of hogs are to be killed because of a fresh outbreak of the foot and mouth disease on the farm of William Acker, near Polo, in Ogle county.

Falls in Boiling Water.—The two-year-old daughter of Alex Shaw of Virden fell into a pot of boiling water at the home of Mrs. Shaw's daughter, Mrs. Thomas Canty, and probably was fatally burned. Medical aid was rushed to the little girl.

Strike Causes Death.—The body of Joseph Harmet, a cabinet maker, was found in the lake at Chicago by two fishermen. His hands and feet were bound together by cords. Earlier in the day his hat and coat, and a note bearing his signature and saying he was going to commit suicide, were found. Joseph Harmet, a son, said his father was despondent because of the building trades strike, which deprived him of work.

Reckless Shooting.—Some one maliciously fired four bullets of .35 calibre, into the home of Mr. and Mrs. Elliott Culver, who reside on a farm half mile northwest of Rose Hill. One went through a front window and struck a sewing machine and also a chiffonier in a bedroom. Two other bullets imbedded themselves in a post directly in front of a window near which Mrs. Culver was seated.

Nightman Assassinated.—Night Patrolman Ben Rogers was assassinated while making his rounds at Herin. Five shots pierced his body. They were of two sizes, which leads the police to believe he was attacked by two men. His drawn revolver shows he made an unsuccessful attempt to defend himself. He was a veteran of the Spanish-American war. The police are without a clue. He leaves a family of four.

Given Year in Jail.—Charles Whitlock, colored, was sentenced to a year in the county jail of Kendall

RALLY DAY PLANS.

The following letter has been issued to the various superintendents of Morgan County Sunday Schools relative to plans for rally Sunday: Jacksonville, Ill., April 16, 1915.

My Dear Superintendent: On Sunday, May 2nd, we hope to have every Sunday school in Morgan county join us in the observance of our Second Annual Morgan county Sunday School Rally.

First, by making a special effort to interest every one in the community to the extent of having them attend some Sunday school, particularly their own, on that day.

Second, by the use of an Educational program to give information concerning the purpose of the Sunday school, Sunday School Organizations, and the result of the work.

Third, by having their pastor preach that morning on the work of the Sunday school, especially from the Educational and Evangelistic standpoints.

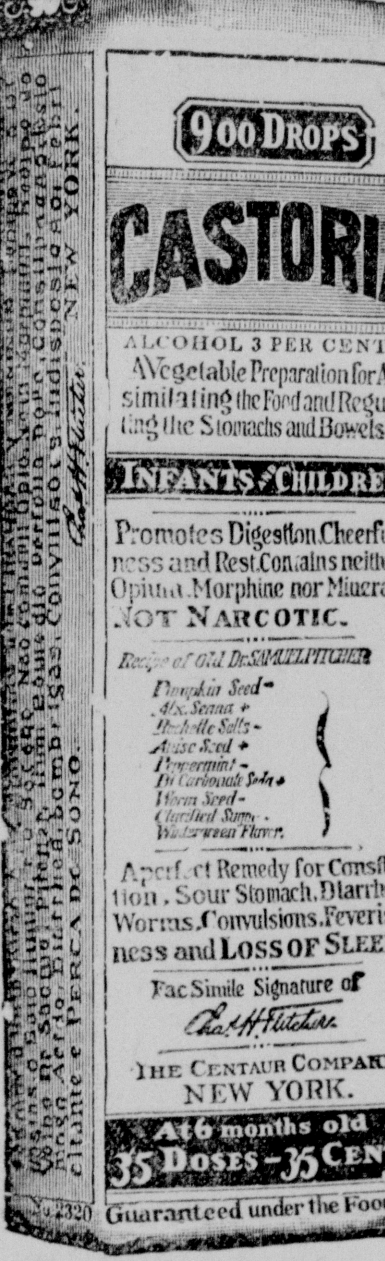

We are addressing you in this connection, earnestly desiring your co-operation in the work.

Fraternally yours, Arthur Swain, J. K. Cunningham, C. L. DePew, Committee on Rally Day.

HISTORY REPEATS ITSELF.

Philadelphia, April 21.—In a newspaper, Graham's Daily Mail, published here April 21, 1855, just 60 years ago today, the leading articles are on "The European War and the Allies," "The Situation in Mexico," "Prohibition," and "Submarine Exploitations." The paper also comments on the high price of wheat, the intimation that Great Britain was too ambitious about "ruining the waves," and the need of more enlistments in the United States. The Crimean War was then in progress and the "Allies" were England and France.

MISS BERNICE COOPER BECOMES BRIDE OF MR. AARON PETEFISH, JR.

Ceremony Took Place Last Night at Home of Bride's Parents, East of Concord—Will Reside in Litterberry.

A very pretty home wedding was solemnized Wednesday evening at 8 o'clock at the residence of the bride's parents, two miles east of Concord, when Miss Bernice Cooper became the bride of Mr. Aaron D. Petefish Jr., of Litterberry. Rev. F. A. McCarty of Jacksonville performing the marriage by using the ring service, being assisted by Rev. W. P. Bowman, pastor of the Concord M. E. church.

The house was artistically decorated for the occasion. In the parlor, where the troth was plighted green and white were the colors used. And arch had been constructed of flowers from the center of which hung a large wedding bell. There was also a beautiful embankment of potted plants.

Preceding the ceremony Miss Helen Mae Cooper of Springfield sang "The Greatest Wish in the World" and "Sunshine of Your Smiles". Her accompanist was Miss Hazel Frances Cooper, a sister, also from Springfield.

The bride and groom entered the parlor, as Mrs. Clyde Cooper played the wedding march from Lohengrin. The service was an impressive one and closed with a fervent prayer by the minister for the welfare and happiness of the young people.

The bride wore a handsome white satin gown trimmed with real lace. She wore a veil caught up by orange blossoms sent by a relative from Florida, and carried a shower bouquet of bride's roses.

She is the only daughter of Mr. and Mrs. James B. Cooper and is a young woman of many beautiful traits of character and life and has a sweet disposition. She is a member of the Methodist church and is popular among her wide circle of friends. She received her education in the public school and studied domestic science in a school at Springfield. The groom is a son of Mr. and Mrs. Aaron Petefish, Sr. of Litterberry and is accounted one of the rising young men of that community. He possesses good business ability and commands the confidence and respect of all who know him. He is a farmer by occupation and a member of the Christian church.

Following the marriage a three-course luncheon was served. The dining room was decorated in pink and white carnations. A miniature bride adorned the large wedding cake. In cutting the cake the following received the articles: Ring, Miss Annabel Crum; dime, Miss Edna Filson; darning needle, Miss Jane Ator; thimble, Edith Petefish. Those who assisted in the serving were Mrs. Dwight O'Keefe, Mrs. Clyde Cooper, Misses Evaline Gaddis and Mary Titus.

The young people received many pretty and useful presents. They expected to leave this morning at 11:15 for Kansas City and will be at home to their friends in Litterberry after May 15.

Among the out of town guests were Mr. and Mrs. Daniel O'Keefe, Mr. and Mrs. Edgar Cooper, Mr. and Mrs. Dwight O'Keefe, Farrell Cooper, Mr. and Mrs. A. E. Padden and Miss Blanche Curry, all of Springfield; Mr. and Mrs. Charles McDonald, Miss Amanda Rexroat of Jacksonville; Mrs. Anna Greer of Davenport, Iowa; Miss Ethel Rowdree, Topeka, Kansas; Clyde Lewis of Prentice; Misses Annabel Crum and Mae Martha of Litterberry.

AMERICAN IMPRISONED AT CHIHUAHUA IS RELEASED

WASHINGTON, April 21.—Release of Leon C. Worcester, an American imprisoned by the Villa authorities at Chihuahua, was announced today by the state department. The Mexican court refused to accept a draft for the amount of bond required but Worcester finally was liberated on cash-bail of twenty thousand pesos obtained by his friends and the American consul. He is charged with a civil offense in connection with a mining deal.

General Funston reported to the war department today the firing on a United States army aeroplane at Brownsville yesterday by Carranza troops and added that the machine had not been beyond the border. A full apology was made by the Carranza consul at Brownsville, who assured Col. Blockson that there would be no re-occurrence of the firing. The aeroplane made another flight today.

WHY HAIR FALLS OUT.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hair and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.—Ad. vertisement.

JACKSONVILLE IN TRI-CITY TRACK MEET

WILL COMPETE AGAINST SPRINGFIELD AND DECATUR.

Events Will be Staged on Springfield Athletic Field Saturday Afternoon and Meet Promises to be Hotly Contested.

Arrangements have been completed for a tri-city athletic meet to be held at Springfield Saturday afternoon, in which Springfield, Jacksonville and Decatur high schools will compete. It was thought at first that only Jacksonville, Springfield, would be in the meet, which had been previously arranged.

From the showing of Jacksonville in the meet with White Hall last week, the local lads should make a good record.

Couch Buland will take over the following men: Howard Reynolds, Homer Reynolds, Clay Killebrew, Emil Myers, Bowman Thompson, William Hudson, Harold Swann, Henry Ricks, Ferguson and probably Edward Smith and Carl Spencer.

The Springfield News-Record in speaking of the track meet says: "Just two days' dickering brought the announcement that everything was ready for a surprise. Tri-City track meet to be held here next Saturday."

"Up to last night Springfield fans and athletes believed that Springfield would be without a track meet of any kind this year, and the sudden announcement that Jacksonville and Decatur high school track teams would be here Saturday for the annual Tri-City meet caused a furore of excitement in student circles at the school today."

The meet will be held at the state fair grounds and each school will be allowed three men entered in each event. Bloomington would have been here too but made other arrangements just a few minutes before John L. Scott's reply reached them.

"It happened this way, Jacksonville high school athletic officials had asked Coach Wentz of the local school to bring his field warriors to their town for a meet on Friday. The local boys could not get off, so Wentz asked Jacksonville to come to this city Saturday."

S. H. S.'s Only Meet This Year. At the same time, almost at the same moment, word was received from Bloomington and Decatur asking if they could come here for a meet on Saturday. Things looked mighty fine and the local managers wired at once that they would be most awful glad to receive them.

Before the answer reached Bloomington, however, the later town had made other arrangements, but Decatur promised to come.

Events in Meet. "The events will be the regular Corn Belt stuff, including the 440 yard run, half mile, mile, high hurdles, low hurdles, running broad jump, shot put, discus throw, javelin, half mile relay and the short dashes.

The fans are over enthusiastic because this will be the only athletic meet that S. H. S. will have this year. The Corn Belt meet has been removed to Bloomington on account of the lack of spirit shown by the schools.

All of the local lads who showed up well in the indoor track meet a few weeks ago have been kept in shape by the school coaches and it is expected the meet will prove a well contested one.

PROTEST AGAINST STAY OF HUERTA IN UNITED STATES

Officers of Villa's Army Register Protest with American Consul at Aguas Calientes.

Washington, April 21.—A dispatch to the Villa army from Aguas Calientes today said that the officers of Villa's army, formerly in the Mexican federal service, appeared before the American consul there today and protested against the stay of former Provisional President Huerta in the United States.

The agency made public the message as follows:

"This morning all the generals and officers of the ex-federal army, who were not implicated in the uprising of February 18th, 1913 (when Madero was deposed) appeared before the American consul in this city today and protested against the stay of Victoriano Huerta, the assassin in the United States.

"The consul endeavored to convince them that there was no disrespect to the people of Mexico on the part of the United States in permitting Huerta to remain in its territory and after some conversation in which the ex-federal generals stated their reasons in support of the protest they asserted that the United States must be convinced of the guilt of Huerta since it had never recognized him. They declared that tomorrow they would present their formal protests in writing."

PRESIDENT ADDRESSES MEETING OF THE POTOMAC PRESBYTERY

WASHINGTON, April 21.—President Wilson, in an address at a meeting here tonight of the Potomac Presbytery of the Presbyterian church, pictured a vision of China awakened by the voice of Christ and furnishing a great momentum in future to the moral forces of the world. He declared as soon as the unity of China was realized its power would come into the world.

"Shall we not see that the parts are fructified by the teachings of Christ?" he asked. The president's address was devoted largely to incidents of his boyhood, when he assisted his father, a Presbyterian clergyman.

The Butterick School of Dressmaking

JACKSONVILLE is going to have this year the prettiest and the smartest crop of Summer Frocks that ever bloomed hereabouts; and what is more, it's going to be at a very much smaller cost of production than a good many women ever dreamed could be accomplished—all of this, provided that Mrs. A. Milligan, here from New York, to tell us how it's done, has her way. If anybody in the world knows how to show a woman how to make the most of her best points, and how to offset the defects of her figure—if there are any—so that folks will forget they ever existed, it is Mrs. Milligan, for she has had oceans of experience in just this sort of thing, and she comes fresh from the Butterick School of Dressmaking in New York, where such things are being worked out daily, and where there isn't anything new in fashions on this side of the Atlantic or the other that is not immediately reported.

The school Mrs. Milligan is now conducting at Hillerby's store, is only one of many which the Butterick School of Dressmaking in New York sends to various cities every month. Mrs. Milligan has been here over a week already, and she leaves on the third of May. "Now that the first pupils are completing their gowns and showing them to their friends, she remarked, 'more and more women are asking for appointments. I am usually very busy the last two weeks of my stay in any city. I take as many pupils as I possibly can, but the number is limited, because each pupil must get individual instruction.'

We are showing a lot of pretty stuff too. There's a special lot of wash silks and silk stripes worth 50c per yard at a special price 29c yd

FRANK TRUE SHOT BY OWN REVOLVER

BEARDSTOWN OFFICER MEETS
ALMOST INSTANT DEATH.

Slipped on Tile Floor While Entering Building to Answer Phone Call—Was a Former Resident of Ashland.

(Special to Journal)

Beardstown, Ill., April 21.—Frank True, a police officer of this city met almost instant death tonight, when he slipped on a tile flooring, causing his Smith and Wesson 38 calibre revolver to be accidentally discharged. The ball entered his stomach.

The accident happened at 9:30 and the officer passed away at 11:20. At the time of the shooting Mr. True had received a telephone call from police headquarters to assist in taking a dope fiend to a physician. He went into Chris Ruppel's saloon to answer the call and as he entered the door he slipped and fell on the tile flooring. At the same time the gun slipped from his holster onto the floor and was discharged, the bullet penetrating the officer's stomach. There was no one in the saloon at the time except the proprietor. He went to the man's assistance and the officer told him to pick up the revolver and look out for it. Shortly after the wounded man became unconscious. Dr. R. H. Garm was called and everything was done for his relief. He regained consciousness before he passed away and told how the accident happened.

Officer True had been on the police force a year and was considered an efficient man. He was 43 years of age and is survived by his mother, Mrs. Thomas True, a sister, Mrs. Douglas Caswell and brother Calvin, all of Ashland and one brother Edward, who was a recent resident of Springfield.

BASEBALL AT J. S. H.

A movement is on foot to organize a baseball team at the Jacksonville State Hospital and a strong opinion in favor of the game was brought forth last meeting of employees in the club room of the hospital yesterday evening. A committee was appointed to interview prospective players and the organization of a strong team is a possibility of the near future. The J. S. H. team has won laurels in the past and fans would welcome the entrance of the institution once more into the lists of baseball.

The Family.

MILLIKIN'S CATCHER MAY BE INELIGIBLE.

Peoria Journal.—F. C. Brown, president of the I. L. A. A., today served notice on Catcher Wasem of Millikin university that he was ineligible for further play in the conference until he proves that he did not appear in a uniform with the Decatur Three Eye club last summer and catch one or more games for the same team.

"Whether or not Wasem received compensation for his services matters little," remarked Brown. "The mere fact that he appeared in uniform with a professional team disqualifies him. He will be given every chance to prove that he did not play with them, but the Decatur papers printed his name as playing, so there appears to be a clear case against him."
